None of 2020's worst-case election security scenarios came to pass

There's no evidence whatsoever of widespread voter fraud.

Please take notice that:

Article 7 Section 7 Arizona Constitution

7. Highest number of votes received as determinative of person elected

Section 7. In all elections held by the people in this state, the person, or persons, receiving the highest number of legal votes shall be declared elected.

The Arizona Constitution clearly shows that out of the votes, scrutiny must be done to reduce them to legal votes. This is sworn to by all workers in the state as part of the agreement to work for the people of Arizona. The Audit of the votes and systems is the right of the people to know all elections are equal and free (see constitutional provision below):

Arizona Constitution Article 2 Declaration of Rights

21. Free and equal elections

Section 21. All elections shall be free and equal, and no power, civil or military, shall at any time interfere to prevent the free exercise of the right of suffrage.

Please take further notice that: Arizona civil officers guarantee that they will not interfere with right of suffrage, yet a civil court found election flipping, and then decided to seal the evidence which is necessary under article 7 Section 7 of the Arizona Constitution, thus providing a foreign owned company assistance in preventing the people from determining legal votes;

Please take further notice that any attempt to prevent the people from having an independent audit immediately will be considered as a trespass and treason against the people if there are not constitutionally granted authority that the above public officials can present to rebut these claims;

Please take further notice that there has been an insurrection by government workers to bypass the peoples rights and block an audit of the machines, software, and processes used to certify an election as using only legal votes;

Please take notice that you, President Donald Trump, are hereby ordered, to bring justice by using all necessary powers you have to follow your oath as seen in the United States Constitution below:

United States Constitution Article IV Section 4.

Section 4.

The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence.

Please take further notice that the people of Arizona hold all political power and the legislature, governor, and public officers have been involved in maladministration and treasonous acts. Therefore, the people are demanding, for you, President Donald Trump, to quash this insurrection and the theft of our republican form of government and invasion by government officials who have abandoned their oaths and are protecting a foreign enemy:

Arizona Constitution Declaration of Rights Article 2 Section 2

2. Political power; purpose of government

Section 2. All political power is inherent in the people, and governments derive their just powers from the consent of the governed, and are established to protect and maintain individual rights

Please take further notice that: any denial of the protection and maintenance of the people's individual rights is maladministration, treason, and an insurrection;

This is an Affidavit and contract and change of terms. Any man or woman who denies these claims are true must rebut them under penalty of perjury in the form of a sworn affidavit. Any man or woman who decides to suppress this affidavit agrees to pay \$30,000 and any disputes by any public officials or private actors who are bound by contract to the Arizona Constitution agrees to have these matters heard before an Arbitrator of my choice. Any man or woman denying these claims are true must rebut these claims point by point within (3) days (72 hrs). Failure to respond means that by acquiescence you agree that all claims are true. Failing to respond with constitutionally granted authority which gave you the power to disregard the peoples rights mentioned within this Affidavit and Contract, means that you agree to have this affidavit used

against you as evidence of Treason, Insurrection and Maladministration. You further agree that once the 3 day time period is up, this Affidavit becomes truth and law and that all matters must be considered adjudged and that no court has jurisdiction to rehear these matters and that these witnesses against you shall be considered sufficient for conviction. Remedy shall be had by giving the people a full audit of every machine used for voting, all associated software, all evidence of any voting fraud, any evidence of dead voters and any other voting related items or information that may be necessary to carry out an independent audit.

Verification

I hereby declare, certify and state, pursuant to the penalties of perjury under the laws of the United States of America, and by the provisions of 28 USC § 1746 that all of the above and foregoing representations are true and correct to the best of my knowledge, information and belief.

The recorder's office reminded voters of that fact on Election Day, tweeting: "Did you know we use Sharpies in the Vote Centers so the ink doesn't smudge as ballots are counted onsite? New offset columns on the ballots means bleed through won't impact your vote!"

Thank you Josh Barnett of Arizona. Insightful

Politicians & Political Speak

(regarding conducting audits on the 2020 Election where \$14B was spent)

"For the people of our great State, I am calling for a forensic audit!"

"Sir, it will take about \$5m - \$10m to forensically audit every machine & ballot and you need to do everything!"

"OH NO, I cant endorse that! We can't spend that kind of money to verify the votes and make sure this does not happen again!"

"I have just come from working hard to make sure we have complete election integrity! You can count on me!"

"Excuse me, but I have to get to the floor, we have two BIG votes coming up. \$150m for new voting machines and \$1.4b for transgendered moth studies in Mongolia"

"But Sir, this is the only way to make sure all Americans know what happened and we never let this happen ever again to our country!"
